

PAIN & THERAPEUTICS VIRTUAL CONFERENCE 2020

Saturday, October 24, 2020 | 8:00 am - 3:45 pm

Topics include: **Key Resources on Pain, Implementing Team Based Care, Mental Health and Pain, Opioid Prescribing and Cannabinoids**

Conference Overview: This is a virtual inter-professional conference focused on the most current resources regarding opioid prescribing, intervention, cannabinoids and non-pharmacological options in managing pain. It will also focus on team based care and mental health care for pain patients.

Target Audience: The target audience is family physicians, specialist physicians, nurses, nurse practitioners, mental health professionals, pharmacists, physiotherapists, residents, researchers, health sciences students, and other health care professionals.

Learning Objectives: At the conclusion of this activity, participants will be able to:

- Describe the evidence for opioids and cannabinoids for the management of chronic pain
- Describe key resources for pain management in Saskatchewan
- Identify non-pharmacological pain management options
- Compare interventional options for chronic pain
- Describe the relationship between mental health and chronic pain

Registration Fees (closes October 22, 2020):

Health Care Professionals: \$100 | Residents/Students: \$75
